WARNING

Power
- Insert the power plug firmly.
- Do not connect multiple devices to a single outlet simultaneously.
- Do not touch the main body, power cable, or power plug with wet hands.
- Do not touch the main body, power cable, or power plug with wet hands.
- If video/sound cable generates heat after connection, pull out the power cord and contact customer service immediately.
- Before connecting the power source, permanent protective earth connection to the cable distribution should be made.
- The Main plug is used as a disconnect device and shall stay readily operable at any time.

Installation/Maintenance
- Do not install in humid or dusty areas, and avoid installing near heating devices.
- To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.
- Keep flammable substances or sprays away from the set-top box.
- Pull out the power plug during thunderstorms or when not used for a prolonged period of time.
- Pull out the power plug once and contact customer service if unusual noise, smell, or smoke comes out.
- Pull out the power plug when cleaning.
- Ask the installation engineer to check if the set-top box is correctly grounded.
- Do not remove the CableCARD™ from the set-top box.
- Do not spray water directly on the unit and do not use chemical solvents such as wax, mosquito spray, alcohol or detergent.
- Do not expose to dripping or splashing.
- Do not place the product on unstable support.
- Do not disassemble, repair, or remodel.

Installation/Maintenance
- Connect your TV after powering off the TV and the set-top box by pulling out the power plug.
- The socket-outlet shall be installed near the equipment and shall be easily accessible.
- Do not insert the power plug before connecting the power cable to the product.
- No connection to an antenna.
- Do not place any metal items such as pins, paper clips or coins on the top of the product.
- Risk of electric shock. Do NOT OPEN.
- Wipe the product with a soft and dry cloth when cleaning.

General
- Check if the coaxial cable is correctly grounded before connecting to the set-top box.
- Do not spray water directly on the unit and do not use chemical solvents such as wax, mosquito spray, alcohol or detergent.
- Do not place any metal items such as pins, paper clips or coins on the top of the product.
- Risk of electric shock. Do NOT OPEN.
- Wipe the product with a soft and dry cloth when cleaning.

NOTE:
- Use only the A4012_FPN adapter provided with the GX-VD940CJ (POWERNET Technologies Corp.).
- If the power supply needs to be replaced, contact the cable service provider.
- Part No: GL88-00696A(Ed.00)

CAUTION

Important Safety Instructions

Read these operating instructions carefully before using the unit. Follow all the safety instructions listed below. Keep these operating instructions handy for future reference.

1) Read these instructions.
2) Keep these instructions.
3) Heed all warnings.
4) Follow all instructions.
5) Do not use this apparatus near water.
6) Clean only with dry cloth.
7) Do not block ventilation openings. Install in accordance with the manufacturer’s instructions.
8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
10) Only use attachment/accessories specified by the manufacturer.
11) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
12) Protect the apparatus from a rainy or wet environment.
13) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Rovi Product Notice

This product incorporates copyright protection technology that is protected by U.S. patents and other intellectual property rights. Use of this copyright protection technology must be authorized by Rovi Corporation, and is intended for home and other limited viewing uses only unless otherwise authorized by Rovi Corporation. Reverse engineering and disassembly are prohibited.

Rovi Installation Recommendation Notice

Do not connect the unit through a VCR. Video signals fed through VCRs may be affected by copyright protection systems and the picture will be distorted on the television.

Dolby Logo Usage Approval

Trademarks of Cable Television Laboratories Usage Approval

OpenCable™, DOCSIS™, CableCARD™, OCAP™ are trademarks of Cable Television Laboratories, Inc. All other trademarks are the property of their respective owners.

Note to CATV System Installer

This reminder is provided to call the CATV system installer’s attention to Section 802.40 of the NCC which provides guidelines for proper grounding and, in particular, specifies that the cable ground shall be connected to the grounding system of the building, as close to the point of cable entry as practical.

HDMI Trademark Notice

The terms HDMI and HDMI High-Definition Multimedia Interface, and the HDMI Logo are trademarks or registered trademarks of HDMI Licensing LLC in the United States and other countries.

IC Statement

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

This radio transmitter (identify the device by certification number or model number if Category II) has been approved by Industry Canada to operate with the antenna types listed below with the maximum permissible gain indicated. Any change in antenna types must be authorized by Industry Canada and is prohibited without a minimum distance 20 cm between the radiator & your body.

IC Radiation Exposure Statement

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance 20cm between the radiator & your body.
