

WARNING

Power

-  Insert the power plug firmly.
-  Do not connect multiple devices to a single outlet simultaneously.
-  Do not touch the main body, power cable, or power plug with wet hands.
-  If video/sound cable generates heat after connection, pull out the power cord and contact customer service immediately.

Installation/Maintenance

-  Do not install in humid or dusty areas, and avoid installing near heating devices.
-  To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.
-  Keep flammable substances or sprays away from the set-top box.
-  Pull out the power plug during thunderstorms or when not used for a prolonged period of time.
-  Do not place heavy objects on this product.
-  Pull out the power plug at once and contact customer service if unusual noise, smell, or smoke comes out.
-  Do not cover the top.

General

-  Check if the coaxial cable is correctly grounded before connecting to the set-top box.
-  Ask the installation engineer to check if the set-top box to be connected is correctly grounded.
-  Class 1 LED Product.
-  This product complies with 21 CFR Chapter 1, subchapter J.
-  This product contains chemicals known to the State of California to cause cancer and reproductive toxicity.

CAUTION

Power

-  Connect your TV after powering off the TV and the set-top box by pulling out the power plug.
-  Before connecting the power source, permanent protective earth connection to the cable distribution should be made.
-  The socket-outlet shall be installed near the equipment and shall be easily accessible.
-  The Mains plug is used as a disconnect device and shall stay readily operable at any time.
-  Do not insert the power plug before connecting the power cable to the product.

Installation/Maintenance

-  Install the product correctly complying with the instructions in the user guide.
-  No connection to an antenna.
-  Apparatus shall not be exposed to dripping or splashing and no objects filled with liquid, such as vases, shall be placed on the apparatus.
-  Do not remove the CableCARD™ from the set-top box.
-  Do not spray water directly on the unit and do not use chemical solvents such as wax, mosquito spray, alcohol or detergent.
-  Do not place any metal items such as pins, paper clips or coins on the top of the product.
-  Do not place the product on unstable support.
-  Risk of electric shock, Do NOT OPEN.
-  Do not disassemble, repair, or remodel.
-  Wipe the product with a soft and dry cloth when cleaning.

NOTE:

- Use only the A4012_FPN adapter provided with the GX-VD940CJ (POWERNET Technologies Corp.).
- If the power supply needs to be replaced, contact the cable service provider. **Part No: GL68-00696A(Ed.00)**
- See product rear for important safety information.

GX-VD940CJ

The purpose of Safety Concerns is to ensure users' safety and to prevent property losses. Please read this document carefully for proper use.

Important Safety Instructions

Read these operating instructions carefully before using the unit. Follow all the safety instructions listed below. Keep these operating instructions handy for future reference.

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this apparatus near water.
- 6) Clean only with dry cloth.
- 7) Do not stack equipment
- 8) Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- 9) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 10) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 11) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 12) Only use attachment/accessories specified by the manufacturer.
- 13) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
- 14) Unplug this apparatus during lightning storms or when unused for long periods of time.
- 15) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Rovi Product Notice

This product incorporates copyright protection technology that is protected by U.S. patents and other intellectual property rights. Use of this copyright protection technology must be authorized by Rovi Corporation, and is intended for home and other limited viewing uses only unless otherwise authorized by Rovi Corporation. Reverse engineering and disassembly are prohibited.

Rovi Installation Recommendation Notice

Do not connect the unit through a VCR. Video signals fed through VCRs may be affected by copyright protection systems and the picture will be distorted on the television.

IC Statement

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This radio transmitter (identify the device by certification number or model number if Category II) has been approved by Industry Canada to operate with the antenna types listed below with the maximum permissible gain indicated. Antenna types not included in this list, having a gain greater than the maximum gain indicated for that type, are strictly prohibited for use with this device

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

The device could automatically discontinue transmission in case of absence of information to transmit, or operational failure. Note that this is not intended to prohibit transmission of control or signaling information or the use of repetitive codes where required by the technology.

IC Radiation Exposure Statement:

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Cet équipement est conforme aux IC RSS-102 des limites d'exposition aux rayonnements définies pour un environnement non contrôlé.

Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.
